**Subject:** FW: CS Gas & 40 MM Less Lethal Ammo Request

The Berkeley Police Dept, Berkeley, CA is requesting immediate assistance from agencies outside the immediate Bay Area to borrow CS Gas & 40 MM Less Lethal Ammo. Last night's rioting consumed the vast majority of our on-hand supply. We are specifically looking for 40 MM less than lethal ammo, 40 mm CS gas rounds and hand deployable CS grenades. We will take as much as you are willing to loan us.

We will be placing an order for additional supplies this week with our vendors. Upon resupply, we will return what we have not used and/or replace any amount used from newly purchased munitions.

BPD accepts all liability for proper transport, use and storage.

Thank you in advance for any assistance you can render.

Regards,

Lt Dave Frankel  
Berkeley Police Dept  
Watch Commander

**Subject:** Berkeley PD Protests

Good Afternoon All,

I have been gone for the past few days and I just wanted to give you all a brief heads up.

I am sure most of you are aware that Berkley PD has needed mutual aid the past two days. There has been another request for tonight and if the crowds start to show up in numbers for the scheduled 1700 hour protest we will be making calls for LEMA.

The staging area is the same as the past two nights:

The 2100 Block of McKinley between Allston and Addison. (Behind Berkley PD)

Lieutenant Pace Stokes will be the Alameda County LEMA Liaison in their DOC tonight. If you are called for mutual aid please call him before you arrive so he can provide you with the best route to stay away from the crowds. His cell phone number is

Please call or email if you have any questions or concerns.

Yes.

I can give you the ops plan from each operational period (day). If you would like.

We just got information in regarding events for tonight, A concept of operation is in progress.

Once that plan gets more solidified, I can send you one as well.

I was wondering if you have an Operation Plan that I can get a copy of regarding this most recent set of protests?

Hi Rat,

Another nice job by you last night. Again we did not formally check in or out. Below are the staff who responded. Again no use of force or less lethal etc. Sorry it was confusing in Emeryville last night. It was tough to get a decision from them, they just wanted them out of their city and I had no idea of the streets / area. Thanks for getting us the help you did.

Hope your Sgt. is ok.

Good Morning All,

Sorry to spam you all but I was not sure who would be up yet. I just wanted to confirm you will not be activating your EOC tonight and you are not anticipating problems tonight? That seemed to be the thought last night when I left, but I just wanted to make sure there are no changes.

Also OPD is having a planning meeting today, at 1300 hours, on the eighth floor of the PAB. It is to discuss the demonstration that is planned for this Saturday in their city. I wanted to extend an invitation to a representative from your agency to attend.

It was great to work with you all last night, take care.

Jim
