Subject: Funding Recommendation and Joint Homekey Application for Golden Bear Inn at 1620 San Pablo

RECOMMENDATION
Adopt three Resolutions approving the following actions in support of a Homekey program funding allocation by:

1. Reserving up to $8,463,535 in affordable housing funds for the Golden Bear Inn permanent supportive housing project at 1620 San Pablo as proposed by a partnership between Memar Properties and Bay Area Community Services (BACS);

2. Authorizing the City Manager or her designee to prepare and submit a joint application together with Memar Properties and BACS for the State of California Housing and Community Development (HCD) Department’s Homekey program for the Golden Bear Inn permanent supportive housing project.

3. Authorizing the City Manager or her designee to take actions needed for the City’s participation in HCD’s Homekey program, including entering into the State’s Standard Agreement and any amendments.

4. Authorizing the City Manager or her designee to execute all original or amended documents or agreements to effectuate these actions.

FISCAL IMPACTS OF RECOMMENDATION
The first attached resolution would reserve $8,463,535 in City affordable housing funds, including general funds received pursuant to Measure P, federal HOME Investment - American Rescue Plan (HOME-ARP) funds, and Permanent Local Housing Allocation (PLHA) funds.

If the joint application to the Homekey program is successful, the City will not receive the $15.7 million requested; rather, these funds will go directly to Memar Properties and BACS or the entity they create to finance this project.
The project will need ongoing operating support after the proposed capitalized operating reserves are expended (expected in the eighth year of property operations). No reservation of operating funds is recommended at this time. Staff will work with the development team to identify sources of funds to support the long-term operations of this project.

CURRENT SITUATION AND ITS EFFECTS
The City issued a Request for Proposals (RFP) on October 5, 2021 to solicit proposals for projects eligible for HCD’s Homekey program funds. The RFP included $8,463,535 in City funds, including $5M in general funds received pursuant to Measure P, $2,325,341 in federal HOME-ARP funds, and $1,138,194 in PLHA funds.

The City received one proposal in response to the RFP. It was from the development team of BACS and Memar Properties, Inc. (Memar). BACS and Memar requested City funds to support the conversion of the Golden Bear Inn (located at 1620 San Pablo) into permanent supportive housing for people experiencing chronic homelessness. Forty-three of the 44 rooms would be affordable to households earning up to 30% of the area median income (AMI), with the other unit set aside for the resident manager. BACS would act as the service provider and property manager, and would select tenants through the Countywide Coordinated Entry System (CES). The development team proposed prioritizing residents exiting Project RoomKey (which provided temporary housing for people experiencing homelessness and impacted by COVID 19), which could include residents at Berkeley’s Rodeway Inn.

The proposed project is eligible for an estimated $15.7M in HCD Homekey funds, including three years of operating subsidy. The development team secured a preliminary commitment from Alameda County Health Care Services Agency to fund $350k-$400k/year in services (starting in year four), although no specific funding has been identified, and full commitment for the services funding would need Board of Supervisors approval.

The proposed project would provide permanent supportive housing for 43 formerly homeless households, and would require significant and ongoing operating subsidies. A portion of the HCD Homekey funds and City funds would be used for capitalized operating reserves to support the project’s first seven years of operations. However, the development team did not identify a source of funds for the operating subsidy in year 8 and onwards. The project would need approximately $506k in subsidies in year 8, increasing at a rate of 3.5% annually to $644k in year 15. BACS, Memar, and the City will work together to identify potential sources of funding to support the project’s long-term operations.

In order to access HCD’s Homekey program funds, the City will need to jointly apply with BACS and Memar and provide matching funds. The City’s Measure P General Funds, HOME-ARP, and PLHA funds constitute the required match. In order for the
project to receive the Homekey funds, the City will be required to enter into the State’s Standard Agreement for the project but will not receive any funds directly. The Standard Agreement will be 55 years for permanent housing. The City will also execute loan documents with the development team. Staff recommend that the City enter into a side agreement clarifying responsibilities between BACS and Memar and the City for the joint application for Homekey funds. The City entered into similar side agreements with developers for other state funding programs. The second attached resolution will provide the City Manager with that authority.

Reserving funds for affordable housing projects and jointly applying for Homekey funds are Strategic Plan Priority Projects; advancing our goals to create affordable housing and housing support services for our most vulnerable community members and to champion and demonstrate social and racial equity.

BACKGROUND
On September 9, 2021, HCD released a Notice of Funding Availability (NOFA) for $1.45B of Homekey funds. HCD established its Homekey program to provide government entities funding to purchase and rehabilitate housing, including hotels, motels, vacant apartment buildings, and other buildings; and convert them into interim or permanent, long-term housing. Under the Homekey program, local entities partner with HCD to create housing to serve people experiencing homelessness or at risk of homelessness and who are inherently impacted by or at increased risk for medical diseases or conditions due to the COVID 19 pandemic or other communicable diseases. HCD is accepting applications for Homekey projects on a rolling basis through May 2, 2022 or until all Homekey funds are allocated. Applications submitted before January 31, 2022 are eligible for a higher subsidy.

In anticipation of HCD’s Homekey NOFA release, the City of Berkeley proactively issued a Request for Qualifications (RFQ) to pre-select qualified organizations to rehabilitate and/or operate a Homekey property with a goal of submitting an application to the State before January 31, 2022. BACS and Memar were selected as a qualified team. On June 29, 2021, City Council approved the issuance of the City’s Homekey RFP, and authorized the use of HOME-ARP funds and general funds from Measure P to support a Homekey Project. Due to the constrained timeline and the City’s desire to submit an application to HCD as soon as is feasible, this specific Homekey project proposal was not reviewed by either the Homeless Services Panel of Experts (HSPE) or the Housing Advisory Commission (HAC). However, both commissions took action to support a future Homekey project more generally.

On April 28, 2021, the HSPE took the following action:

**Action:** M/S/C Marasovic/Sherman HSPE recommends that at least $3,000,000 of Measure P funding be leveraged with other sources of funding towards the Homekey Project for the purchase of hotels to house persons experiencing homelessness.

On September 30, 2021, the HAC took the following action:

Action: M/S/C (Tregub/Sargent) to recommend to City Council to approve funding for a Project Homekey housing development, to be selected through a competitive process based on applicant qualifications, project feasibility, and assessment of competitiveness for State of California Project Homekey funds.

ENVIRONMENTAL SUSTAINABILITY AND CLIMATE IMPACTS
There are no environmental sustainability effects directly associated with the recommendations in this report. If the City’s funding application is successful, the Golden Bear Inn will be acquired and rehabilitated, which is generally considered a more sustainable type of development.

RATIONALE FOR RECOMMENDATION
Conversion of the Golden Bear Inn to permanent supportive housing through a partnership with Memar and BACS will support chronically homeless individuals in the City, and will bring new permanent supportive housing units online on an expedited timeline.

ALTERNATIVE ACTIONS CONSIDERED
The City could decline to participate in the Homekey program. Since that would not be consistent with the City’s Strategic Plan to increase affordable housing opportunities, staff are recommending participation as described above.
